

Felix Laing

Trainee Patent Attorney

Felix joined J A Kemp as a trainee patent attorney in 2019 and is based in the firm's London office.

Felix studied at the University of Cambridge for a Masters degree in Chemical Engineering, gaining knowledge in a wide range of areas including energy technology, process control, computational fluid dynamics, separation technology, bioprocessing and chemical product design. He underwent a final year research project studying the application of 3D-printed microreactors for the continuous synthesis of metal nanoparticles with tuneable sizes and configurations, for catalytic applications.

He has particular interest in the fields of renewable energy and nanotechnology.

Services & Specialisms

Engineering, Patents, Patent Drafting, Filing and Prosecution, Invention Discovery
